

# Agenda

09.30 Introduction to EOS. How big is the problem?  
**Prof. Tim Briggs**

## **FRIDAY AM Session 1: RECONSTRUCTIONS AROUND THE HIP. Part 1: Proximal Femur**

**Chairman - Prof. Tim Briggs**

09.45 Bone loss in the Proximal Femur – Classification.  
**Mr Lee Jeys**

10.00 Impaction Allografting indications and outcomes.  
**Mr John Timperley**

10.15 Off the shelf implants expensive and ineffective?  
**Prof. Justin Cobb**

10.30 Internal Proximal femur, custom or METS  
which is best?  
**Prof. Tim Briggs**

10.45 Soft tissue reconstruction around the hip.  
Technique and does it work?  
**Mr Max Gibbons**

11.00 Discussions and Case Presentation  
for Discussion - All

11.15 *Coffee break*

## **Part 2: Acetabulum / Pelvis**

**Chairman - Mr Steve Cannon**

11.35 Classification of bone loss around  
the acetabulum.

**Mr Richard Carrington**

11.50 Management of Severe Periacetabular  
Bone Loss using Modular Porous  
Tantalum Implants.

**Dr. Nicola Fabbri**

12.05 Can trabecular metal fill the hole?

**Mr Duncan Whitwell**

12.20 Rings and supports. When and why I use them.  
**Mr Martyn Porter**

12.35 Cones and custom acetabula – there is  
always a solution.

**Mr John Skinner**

12.50 Discussions and Case Presentation  
for Discussion - All

13.20 *Lunch*

## **FRIDAY PM Session 2: RECONSTRUCTIONS AROUND THE KNEE**

**Part 1: Chairman - Mr John Skinner**

14.05 Classification of bone loss around the knee.  
**Mr Jonathan Miles**

14.20 Grafting or Replacement.  
Which works best in my hands?  
**Prof. Otte Brosjö**

14.35 Allograft is the biological saviour.  
**Prof. Franklin Sim**

14.50 Trabecular metal the answer to all my prayers?  
**Mr Lee Jeys**

15.05 Discussions and Case Presentation  
for Discussion - All

15.35 *Coffee break*

**Part 2: Chairman - Prof. Tim Briggs**

15.55 Extensor Mechanism. How do I protect it  
and gain access.

**Mr Steve Cannon**

16.10 Plastics input. When do I call them?  
**Mr Will Aston**

16.25 Orthopaedic implants of the future.  
Where are we going?

**Prof. Gordon Blunn**

16.55 Discussions and Case Presentation  
for Discussion - All

17.25 Wrap up of the day.

**Prof. Tim Briggs**

17.30 Day 1 close

19:15 **EOS Drinks Reception**

*Sponsored by*

20:00 **EOS Gala Dinner**

*Sponsored by*

## **SATURDAY AM Session 3: INFECTION**

**Part 1: Chairman - Prof. Tim Briggs**

09.00 How big is the Problem?

**Prof. Tim Briggs**

09.15 Early intervention. When and how.

**Mr Jonathan Miles**

09.30 Single stage revision. Does it work?

**Mr Martyn Porter**

09.45 Two stage revision. The gold standard?

**Mr Max Gibbons**

10.00 Outcomes in massive revision for infection.

**Prof. Rob Grimer**

10.15 Discussions and Case Presentation  
for Discussion - All

10.45 *Coffee break*

**Part 2: Chairman - Mr Will Aston**

11.05 Surface modification. What's available?

**Mr Will Aston**

11.20 Spacers, off the shelf or custom.  
Are they effective?

**Mr John Skinner**

11.35 Plastics input. Do we ask too late?

**Mr Addie Grobbelaar**

11.50 Infection - Who and where should  
we be doing it?

**Mr Jonathan Miles**

12.05 Discussions and Case Presentation  
for Discussion - All

12.35 Wrap up.

**Mr Will Aston**

12.45 Meeting close
